

EDST Research Day 2020

Call for Proposals

The program committee for EDST Research Day 2020 invites proposals for individual presentations, poster sessions, roundtable and panel sessions from students and faculty members. All students are welcome: Ph.D., Ed.D., M.A., and M.Ed. EDST! Research Day will take place on **Tuesday, April 14th, 2020**

SUBMISSION DEADLINE: FEBRUARY 28, 2020

EDST Research Day showcases the rich educational research, practice, and theory developed by the department's students and faculty. We welcome work in diverse subjects, and in all phases of development, including projects that come out of coursework, research conducted as Research Assistants or Principal Investigators, thesis sections, or papers in progress. Presenters can also try out ideas to be developed for a future conference or professional activity.

In anticipation of AERA 2020, we encourage proposals from students and faculty aiming to participate in AERA, and proposals that engage with this year's AERA theme: "The Power and Possibilities for the Public Good When Researchers and Organisational Stakeholders Collaborate".

Suggested topics can include (but are not limited to):

- Foundations of education
- Applied research
- Teacher education
- Policy
- Indigenous approaches to education

Each session should include at least one EDST student, but we encourage collaborations with EDST faculty members and/or students from other departments. Faculty members are encouraged to take an active role throughout Research Day as discussants, moderators, facilitators, and mentors. Lunch will also be provided!
