## RESEARCH TO SERVE: EMPOWER, PRESERVE

RESEARCH THAT CONTRIBUTES TO A POSITIVE AND TANGIBLE IMPACT  
ON SOCIETAL AND GLOBAL CHALLENGES

---

---

Join us for an inspiring exploration of research's transformative power at our upcoming conference looking into employing interdisciplinary research to empower communities and create a social Impact.

Delve into the innovative work of students and alumni as they showcase how their research insights translate into tangible solutions for society's most pressing challenges. From health and education to social justice and beyond, our conference highlights actionable strategies and collaborative efforts aimed at making a real difference in communities worldwide.

Don't miss this opportunity to witness the practical applications of interdisciplinary research and its role in fostering empowerment at both local and global levels.
